

WMGA Thursday Night League

RAINOUT POLICY

If the golf course is closed or deemed unplayable before the start of play, the league will be canceled and will be rescheduled as feasible.

If it is raining at the start of during play, a decision will be made by the league committee as to whether or not to continue play. This decision will be made on the basis of current conditions, forecast conditions, the current conditions of the golf course and the expected conditions of the course if rain continues and course drainage capabilities.

Once the decision has been made to play, the following policies will apply:

1. Bad weather, except for lightning in the area, is not of itself a good reason for discontinuing play (Rule 6-8 of Rules of Golf).
2. Teams will be sent off the tee according to the order of their tee times, if a team chooses not to play or wishes to go off at a later time, they will be worked in only if no other team is in line on the box or will otherwise be required to go off after the last scheduled team.
3. If the league committee considers that for any reason the course is not in a playable condition or that there are circumstances which render the proper playing of the game impossible, it may, terminate play. If play is terminated or become delayed such that last group completes less than 5 holes, the league play will be declared null and void and cancel all scores for the round in question (Rule 33-2). If at least 5 holes have been completed by the last group, scores for the holes not completed will be computed based on the individual player's handicap.
4. The decision to terminate the league will be communicated as quickly as possible to all players via the WMGA website at **westwoodmensgolf.com**
